Education

Punjabi University Patiala

Patiala

B.Tech (Electronics & Computer engg)

2021-2025

Experience

Full Stack Web Developer

Remote

Byteoski Developers

July 2025 - October 2025

• Designed robust models using Django Ninja to track and manage versioned updates, including new features, ensuring transparency and effective communication with users. Finally implementing them with NextJs

• Used Django model to generate random API keys from backend using django and list them in the dashboard which includes building a table for creating new keys, viewing the keys and deleting the existing keys from frontend which uses NextJs

• Built frontend for some websites using NextJs : Mappacktoolbox, CronIndra, TheDevStarter , CastMyBlog

Hackathon

PEC,Chandigarh

STGI Technologies Consulting

Sep 2024

• Participated in a 24-hour coding hackathon where, along with my team, we developed an image forgery detection system.

Projects

MoonEX - Multi-Chain DEX Platform Frontend

• This repository contains the MoonEX frontend, a sleek and modern interface for a multi-chain decentralized exchange (DEX). Built with React and Tailwind CSS, this project delivers a responsive, fast, and visually appealing user experience.

Portfolio

This Django project showcases my skills for full stack web development. This contains CSS animations also. This page showcases my 3 other projects:

- **Email Suggestions** (Suggests an email address respective of your name and a number)
- **Notification Alert** (Uses Plyer to send an alert after particular intervals of time)
- **Whatsapp Text Reminder** (Enter the text and number of the person you want to Whatsapp. Whatsapp will force open at the provided time of the message with message pasted in the textbox)

Core Skills

• Languages: Python, JavaScript

• Frameworks/Libraries: Django, React Js, NextJs, Django-Ninja, Django-Rest-Framework, Typescript

• Others: HTML, CSS, Tailwind, Git, Github, Postman, PostgreSQL, Sqlite

Additional

- Organized University's annual event 2023.
- Lead a successful Sports Events with a high number of participations

Certifications

- Web Designing(Issues By Horizons Technologies Nabha. Certified by MSME)
- Complete JavaScript Course (Issued By Udemy)
